Community Impact Consulting

Congratulations to [CommonWealth Kitchen](#) and [Project Place](#) for being selected to participate in our Community Impact Consulting program. We look forward to working with these organizations on strategic projects to support their work and maximize their community impact.

Drive-In Movie Nights at Patriot Place

It was a pleasure to partner with the New England Patriots Foundation and Patriot Place to present a series of drive-in movies during the month of June. We were pleased to recognize our nonprofit partners, health care workers and veterans and military families at these events. Many thanks to all who attended and enjoyed a relaxing, safe evening with loved ones.

TADpole 10 Summer Series

Although we are sad that we cannot be with our TADpole 10 friends in person this summer, we are happy to provide virtual storytelling every week. Every Thursday this summer, we will share a new video of one of your favorite storytellers bringing you to near and far away places through their songs and exciting tales. Follow us on social media to access the virtual series.

Special thanks to Houghton Mifflin Harcourt for its continued partnership on this program.

Gratitude...

Summer did not kickoff the way it usually does for us at Highland Street. We are normally in the midst of our summer program planning, including our beloved Free Fun Fridays. Instead, we have been spending our Fridays visiting some of our nonprofit partners to thank them for their incredible efforts, particularly during these difficult times. While these organizations have been faced with unprecedented need for services, we have been struck by their resiliency and success at adapting to change so quickly and effectively. We leave these visits with a sense of optimism, hope and an overwhelming feeling that we will get through this by working together.

The Highland Street Foundation is committed to addressing the most pressing needs and concerns for children and families in Massachusetts and California. We provide access and opportunities in education, housing, mentorship, health care, environment, and the arts.
